

## Careers Advice and Guidance 1:1

### Support for iCollege Students

iCollege recognise the importance of students receiving careers advice to help them prepare for their next stage destinations. We also understand that parents are extremely important to students as they make their key decisions. We are therefore keen to welcome and encourage parents who wish to be involved in the process.

As such, we have booked Sumera Iftekhar from Adviza to meet remotely with students and parents at timings to accommodate the needs of students and parents. Careers sessions are available via Microsoft Teams, with camera disabled, allowing student to have a meaningful careers discussion and to view websites of interest with Adviza.

We are offering the following sessions throughout the Summer:
