

## PE & Sports Premium for Primary aged pupils

Year	Amount	Expenditure
17/18	£2,000	£2,000+
18/19	£8,000	£3,700
19/20	£2,000 (budgeted) + carry forward	

In 17/18 iCollege was funded at £2,000 as all 12 places were considered to be 'dual roll' with mainstream schools.

In 18/19, due to the high number of primary PEX learners, the amount was increased to £8,000.

19/20 funding is yet to be advised...

### Purpose of the funding

To develop or add to the PE and sport activities that iCollege unit Inspiration already offers.

To build capacity and capability within icollege: Inspirationto ensure that improvements made now will benefit pupils joining the school in future years.

### How we have used the money

Inspiration (formerly The Oaks) used the money to fund a 'Sports Xtra' programme in 17/18. In 18/19, the increase in expected funding was used to support an increased level of PE teaching as this met the needs of the cohort.

### How we plan to use the money for 2019/20

During this academic year we plan to build on the successes achieved with Sports Xtra in previous years, and include touch rugby, tennis, indoor and outdoor games etc. We have expanded our provision to include an annual pass to 'Four Kingdoms' where pupils can access 'laser tag', giant slides and pedal boats.

Outdoor Academy will provide small group sessions to the majority of pupils covering canoeing, climbing, orienteering etc to help support mental health and well-being. This is also funded also from the Pupil Premium Grant.

In addition, and dependent on pupil needs, as and when it is safe to do so, we will also attend Northcroft Swimming Pool with the intention of implementing the Water Safety training and achieving confident swimming to a minimum of 25m.

Outdoor PE and games equipment for EHCP learners in the iPod to improve the physical activity offer.

### Where we expect to see improvement

A broader experience of a range of sports and activities offered to all pupils, as Inspiration has limited indoor and outdoor sports facilities.

The engagement of all pupils in physical activity to support the least active pupils, and to enhance emotional regulation, resilience and positive mental health.

To enhance the profile of PE and sport across the school to enrich the pupil experience and lead to whole-school improvement

\*Schools with less than 16 pupils should receive £1,000 per pupil. As the iCollege is a PRU, this funding is paid directly to the LA by the DfE to be delegated.
